The House of Champagne Pannier was established in 1899 by Louis-Eugène Pannier in the village of Dizy, just outside Epernay. Since their inception, Pannier have been committed to extra bottling ageing of their wines and to this day each of their Champagnes are produced with a minimum of 36 months ageing on their lees (sur latte) to produce wines of incredible complexity. These gastronomic wines from Champagne offer a tremendous pairing experience with a wide range of cuisines from traditional French food to modern Japanese and Chinese cuisine.
